

# Introduction to the Role of Hyperbaric Safety Director

## North Palm Beach, FL

The Introduction to the Hyperbaric Safety Director Role is a 2-day program providing participants with the required tools for effectively carrying out the role of safety director. This program benefits those new in the safety director position by orienting them to the responsibilities as defined by the NFPA, UHMS and other organizations. In addition, the course is a great review for current safety directors and seasoned technicians by providing updates to NFPA code and industry standards, and is excellent preparation for those taking the CHT Board exam.

**Credit Hours:** 16

**License:** ARNP, CNS, LPN, RN, CNA, RCP, RRT, CRT, CHRN, CHT

### **Designation Statements**

- The NBDHMT has approved this program for 16 Category-A CEU's.
- The Florida Board of Nursing has approved 16 CNE hour.
- 16 CE hours are approved by the Florida Board of Respiratory Therapy.

### **LOGISTICS**

---

A lite breakfast and lunch will be provided by the host facility for each of the course days. No additional fee is required.

#### **Airport**

Palm Beach International (PBI)

Approximately 16 miles (20 minute drive) from the course location.

#### **Recommended Hotel**

Best Western Plus Windsor Gardens Hotel & Suites

11360 US Highway 1 in Palm Beach Gardens, FL 33408

Phone: 561-844-8448;

Reasonably priced restaurants are within walking distance of the hotel.

## Ground Transportation

If you are looking to avoid rental car cost you might want to consider the following:

- Go Airport Shuttle [goairportshuttle.com](http://goairportshuttle.com)
- Uber <https://get.uber.com> (estimates from Uber are coming in as follows: to/from our office/hotel are coming in at \$5-\$7 each way; estimates to/from PBI airport to/from hotel are coming in at \$16-\$21)
- Taxi. Taxi will be the most expensive.

## Course Hours:

Day 1: Start 8:00am, end 5:30pm

Day 2: Start 8:30am, end 4:00pm
